

I.B. Tauris is pleased to announce

TAURIS HISTORICAL GEOGRAPHY SERIES

Series Editor: Robert Mayhew, University of Bristol

Though long established as a field of inquiry, historical geography has changed dramatically in recent years becoming a driving force in the development of many of the new agendas of contemporary geography. Dialogues with historians of science, art historians and literary scholars have revitalised the history of geographical thought, and a new, vibrant, pluralistic culture of scholarship has emerged. The Tauris Historical Geography series provides an international forum for the publication of scholarly work that encapsulates and furthers these new developments.
